Our grading is absolute, there is no such thing as a record in generally fine condition with a bad scratch on it. There is no secret grading hidden in the price. We will never claim a low price as an excuse for bad condition.

#### **A+**

Sealed or in mint condition, not necessarily unplayed, but in a state where you can hardly tell whether it was played or not. The (+) in brackets indicates a record which is just as fine, but you do see that this record has been played. A box set with 4 A+ records and one obviously played but fine record could be given the same grade A(+)

#### **A/A(-)**

Fine: Very light scuffing or spindle marks. The typical condition of a careful collector's record. Runs perfectly fine and should give full satisfaction. The brackets A(-) indicate that a small visual blemish has proved virtually inaudible when checked on the player.

#### **A-**

Just a bit below perfection, the same type of small light blemishes proved to be still tolerable.

#### **B**

O.K.: Marks on the surface which are audible. Items in this condition are rather a bit noisy than severely scratched, and offered only, if they are rare, interesting and still enjoyable. They are often very lovely indeed, especially when given a **B+**. We do not offer seriously scratched records without explicit warning (**a.s.**). B records make about 2% in our lists.

Please note that grades apply only to the records themselves. Problems with a record's cover will be noted in the list **cov-**. Nothing should be too bad. Some type of records - early Melodiya in the main - come with a poor general cover and the less fine condition of these should be understood. If a cover (especially one of those where one would expect nothing too brilliant) is especially fine, it is noted +cov.

#### **as new**

- for once - refers to both record and cover, even with very old LPs.

**OA** -original album jacket with later pressings

**full booklet** is telling the item from later issues where the original, often luxurious, booklet is replaced by a mere info sheet.

#### **Abbreviations**

**M/** mono

**a.s.** audible scratch

**es** electronic stereo

**DMM** direct metal mastering (not necessarily digital)

**g/ nl/ eng/ fr/** pressing stems from Germany, Netherlands a.s.o.

**as new** refers to viny *and* cover

**cov+** especially good condition of the cover

early Melodiya were delivered with a poor general paper cover, **+cov** refers to an extra (properly printed) de luxe cover that was available independently from the record.

**color-abbr.** such as **wh-gld**, **bl-wh** refer to the label.
